ST. REGIS BORA BORA + CLARINS

A LUXURY MATCH MADE IN PARADISE

Now, guests staying at The St. Regis Bora Bora Resort can indulge themselves in ultimate rejuvenation, restoration and revitalization at the new Miri Miri Spa by Clarins, a spa island paradise devoted to deepening relaxation, easing fatigue and shifting one's energy to a place of comfort, beauty and well-being. The Spa features world renowned Clarins treatments and a generous array of traditional and contemporary Tahitian and Pacific Rim treatments set within seven luxurious spa suites -- part of the resort's 13,000 square foot world-class spa.

Located on its own private island alongside the resort's tranquil turquoise lagoon, Miri Miri Spa treatments incorporate powerful active plant ingredients as well as local island beauty products such as monoi oil, brown algae, pure mother of pearl

and luminescent pearl powder. Miri Miri Spa provides an incomparable array of rejuvenating indulgences designed to nurture the body, soothe the soul, and create an unforgettable sensual experience, all the while staying true to the Clarins philosophy.

At the heart of Clarins treatments is "Clarins Touch," a massage method inspired by manual lymphatic drainage techniques that restore balance, energy and purity to the skin and body. The therapist team at St. Regis Bora Bora followed a rigorous 10-day Clarins educational program designed to take their healing and restorative skills to the next level. Each therapist's post-training, testing, and certification ensures that only the most skilled and talented therapists administer Clarins treatments, a mark of spa quality around the world.

Whether you prefer a private spa service alongside the Resort's lagoon or one performed within one of our tranquil suites, your skin and senses will be enhanced by nature's abundance.

All of the spa services are authentic and unique to our exotic Polynesian location since many services were founded on Tahiti's indigenous ingredients, including silkening monoi and tamanu oils, soothing fragrances and luminescent pearl powders. So get ready for a journey of the senses that you can't experience any place else in the world.

The spa is open from 9:00 a.m. to 6:00 p.m. daily. Prices begin at \$100 USD.
